Описание:Wonderful penthouse frontline to La Quinta Golf and with a large roofterrace with views both to the sea, the golf and the La Concha mountain. Very bright throughout due to the southwest orientation and open floorplan. Cosy wooden fireplace and plenty of space to entertain in the livingroom. Three bedrooms where the master bedroom enjoys a walk-in closet and bathroom en-suite and the two guest bedrooms share a bathroom with shower. There is floorheating in the master bedroom and both bathrooms for your comfort. Part of the main terrace is glassed in for dinners during winter season while the very large roofterrace is fantastic for entertaining during long, warm summer evenings. Why not start with a plunge in the jacuzzi and a glass of wine looking at our famous La Concha mountain and westward towards the strait of Gibraltar. Your own piece of heaven tucked away only two minutes from the La Quinta Golf club and 10 minutes from Puerto Banús.
