Overview: Beautiful duplex apartment in El Mirador de Santa Maria Golf. Recently renovated, this apartment is a gem. Entering we have a bathroom on the left hand side, straight forward we find an open space with dining room and living room kitchen open to the living room on one side and has its own stair landing on the other side. From the dining room we access a bedroom / office, today it is used as a gym. Between this room and the living room there are windows that bring more light to the room. Both the room and the living room have exits to the large terrace with space to enjoy the outside area. The kitchen is fully furnished with appliances, all in a modern and minimalist style. Going up the stairs we access two bedrooms and two bathrooms. From the master bedroom we have access to a terrace of about 7 square meters. The apartment is sold with garage and storage room, partially furnished, ready to move into. We recommend visiting it!
