Overview:Excellent investment project situated in the heart of the Golf Valley. Situated close to various golf courses in this very sought after area, this flat plot of approximately 1,500m² currently has an old one storey property so would be easy to demolish and build a new villa with the building allowance being for a 600m² villa from which the upper floor would have some golf views. Must be seen as this will be snapped up very quickly in this currently booming area.

Features:

Pool, Air conditioning, Private garden, Investment
