Iconic Investment Opportunity: Expansive Land Parcel in Elviria with Panoramic Sea & Golf Views

For the discerning investor seeking an unparalleled opportunity in one of Southern Spain's most coveted destinations, Luxury Realty proudly presents this magnificent property in Elviria. This truly unique offering combines the grandeur of an extensive plot with the transformative potential of an existing residence, all set against a breathtaking backdrop of the Mediterranean Sea and lush golf greens.

At the heart of this investment lies a sprawling 5,250 m² plot, currently home to a single-storey house ripe for a visionary transformation. The existing property boasts a large, established garden featuring a heated swimming pool and its own private well, equipped with a filter and a 12 m³ underground tank for sustainable water management. Enhancing the outdoor ambiance, a charming pond with aquatic plants, a soothing waterfall, a decorative fountain, underwater lighting, and a sophisticated 10-zone irrigation system create an idyllic environment.

Complementing the main residence are several valuable outbuildings, including a spacious 170 m² garage, a dedicated 20 m² workshop, and an independent 40 m² service house complete with its own bathroom and kitchen, offering flexible utility or staff accommodation. The existing main chalet, spanning 460 m², comprises a grand entrance hall opening into a vast living room, six generously sized bedrooms, and five bathrooms. Each room offers clear, outward-facing views, with large porches currently enclosed with windows, presenting an ideal canvas for modern refurbishment and personalization.

The true gem of this offering is the expansive, mostly flat land itself, which enjoys excellent access and a gentle south-westerly slope, ensuring direct and unobstructed sea vistas. The plot is thoughtfully tiered across two flat platforms; one to the south hosts a charming pond, while the western platform accommodates the auxiliary service house. With a robust buildability of 20%, this substantial plot offers an extraordinary foundation for significant development.

This is far more than a simple property acquisition; it is an exceptional development opportunity. With a minimum plot size of 1,000 m² in this exclusive area, the 5,250 m² parcel provides the rare potential to subdivide and construct up to three independent luxury chalets. Imagine crafting three bespoke homes, each offering unparalleled privacy, architectural distinction, and breathtaking sea and golf views, promising maximum return on investment in a highly sought-after market.
