The closure of these esteemed premises in 2020 left a notable void, and their reintroduction to the market presents a unique window to reclaim a loyal customer base and establish a new era of prosperity. This is not merely a purchase; it is an investment into a lifestyle and leisure hub designed to cater to diverse needs, from fine dining and social events to comprehensive wellness and recreational activities.

The Heart of Hospitality: The Clubhouse

Ground Floor Elegance

The ground floor of the clubhouse welcomes patrons into a beautifully presented space. A sophisticated reception area sets the tone, leading seamlessly into a generously proportioned bar and lounge. This vibrant social hub extends to expansive, sun-drenched terraces, ideal for al-fresco dining and enjoying the superb Mediterranean climate. A well-appointed toilet block serves this level with convenience.

The culinary heart of the establishment resides in the magnificent split-level restaurant area, meticulously designed to accommodate approximately 64 covers, excluding the vast terrace seating. This is supported by a robust commercial kitchen, intelligently equipped with a 'Lazy Susan' system facilitating efficient service between upper and lower levels. Additional lower-level storage, a secondary kitchen area, a professional walk-in fridge, and discreet access to a front delivery courtyard ensure seamless operational efficiency. Furthermore, staff access to the upper level is thoughtfully integrated.

Upper Level Grandeur

A grand staircase ascends to an impressive upper mezzanine and lounge area, providing an elegant transition to a spacious additional restaurant or entertainment area. This versatile space can comfortably host approximately 50 more diners or guests, complemented by sweeping, wrap-around terraces that offer panoramic views and abundant natural light. Both upper and lower dining areas boast multi-aspect views, creating bright, inviting atmospheres throughout the day and evening.

Wellness and Recreation: The Spa & Sports Facilities

Beyond the primary reception area, a few steps lead to a dedicated leisure zone, beginning with a professional snooker room featuring three full-size tables (available via separate negotiation). Adjacent telephone kiosks provide a thoughtful convenience. This area grants access to a comprehensive spa facility, an oasis of relaxation and rejuvenation. Highlights include a stunning sunken jacuzzi, comfortably accommodating up to ten persons, a dedicated Pilates room, and a traditional sauna. Separate, well-appointed changing rooms, showering facilities, and toilet blocks cater to both men and women, ensuring privacy and comfort.

Completing the wellness offering is a truly unique 8m x 4m heated swimming pool, accessible directly from the jacuzzi area.
