A Smart Investment with Lower Buying Costs

This rare modern resale represents an astute investment opportunity. Acquired from one of the early investors in this luxury development, it allows you to secure one of the best-located properties with the most desirable views. Crucially, buying a resale property means significantly lower buying fees compared to purchasing new. You avoid the 10% IVA (VAT) and the Regional Government's 1.5% new build tax, making this an even more attractive proposition. The vendor has informed us that Community Charges are approximately €274 per month, IBI (Council Tax) is around €750 per annum, and BASURA (Rubbish Bill) is approximately €60 per annum. (Please note: an extra 20% applies to community charges if the property is used for rentals).

With its LPO (First Occupation License) in place, this duplex penthouse is not only a superb investment but also an idyllic permanent residence or a luxurious holiday home. As an exclusive listing with keys readily available in our office, we invite you to experience the unparalleled charm and sophistication of this property. It is not only situated in one of the newest and most prestigious developments in the area but is also recognized as one of the best-located penthouses within the entire complex, boasting two spacious south-west facing terraces that promise breathtaking panoramic sea views.
