Overview: This super modern house has what everyone wants - a detached house with private pool and sea views within an easy walk of La Cala de Mijas and the beach. The original house has had a second floor added, and the current layout makes this effectively two houses in one. On the ground floor is a one level 3 bedroom, 2 bathroom house with fully fitted kitchen and living dining room, while outside is off street parking for 2 cars, a very large private terraced area and private pool. Via separate independent access on the first floor is a one bedroom bathroom open plan villa with large south facing terrace with sea views. From this terrace one can also access the private roof terrace with jacuzzi and fabulous views. A really high quality reformed house, with a show house feel from top to bottom...
