An Exclusive Residence Designed for Discerning Tastes

This exceptional property, boasting a generous 80 m² built area with a comfortable 70 m² of usable living space, is meticulously designed to offer optimal comfort and style. It features a thoughtfully distributed layout comprising two well-proportioned bedrooms and two modern bathrooms, providing an ideal configuration for a permanent residence, a luxurious holiday escape, or a high-yield investment property. The intelligent design maximizes every square meter, ensuring a sense of spaciousness and functionality that caters to a refined lifestyle.

One of the apartment's most significant advantages is its favourable southeast orientation. This coveted positioning guarantees an abundance of natural light throughout the majority of the day, creating bright, airy, and inviting interiors. Imagine waking up to the gentle rays of the morning sun, illuminating your living spaces and contributing to a warm, uplifting ambiance. This orientation also often provides protection from the intense summer afternoon heat, offering a more comfortable indoor climate, while potentially affording charming views of the meticulously maintained community gardens or glimpses towards the sparkling Mediterranean Sea.

Culinary Excellence and Seamless Living

The heart of this home is undoubtedly its fully fitted and equipped kitchen, a space where culinary creativity can flourish. Featuring modern appliances and sleek cabinetry, it combines aesthetic appeal with practical functionality, ready to meet the demands of everyday cooking or entertaining guests. The apartment is offered partially furnished, meaning it comes with tasteful pieces that complement its contemporary design, allowing for an immediate and effortless transition into your new home. This 'ready-to-move-into' aspect is a significant advantage, saving you the time and effort typically associated with furnishing a new property.

Comfort and convenience are paramount in this residence. Built-in wardrobes in the bedrooms provide ample storage solutions, maintaining a clutter-free and elegant environment. The ceramic flooring throughout the apartment is not only aesthetically pleasing but also durable, easy to maintain, and contributes to a cool atmosphere during warmer months. Furthermore, the inclusion of an efficient air conditioning system ensures year-round comfort, allowing you to regulate the indoor climate perfectly, regardless of the season, from the warmth of the summer sun to the cooler winter evenings. Every detail has been considered to enhance the living experience.

Beyond the confines of the apartment, residents are granted exclusive access to a superb gated community. This secure and tranquil enclave features a sparkling swimming pool, offering a refreshing respite on hot days, and beautifully landscaped gardens that invite peaceful strolls and moments of relaxation. Such amenities provide a private oasis, perfect for enjoying the glorious Costa del Sol climate in a well-maintained and serene environment, far from the hustle and bustle, yet just moments from all the action. The added layer of security offered by a gated community provides invaluable peace of mind for residents and their families.

Unrivaled Location and Connectivity

The apartment's truly exceptional location is one of its most compelling attributes. Being just a few minutes' walk from the pristine beaches of Benalmádena Costa means that the azure waters of the Mediterranean are practically on your doorstep. Imagine spontaneous morning swims, leisurely afternoons spent sunbathing, or romantic evening strolls along the shore. Furthermore, its proximity to Puerto Marina, celebrated as one of the best marinas in the world, offers an endless array of dining, shopping, and entertainment options.
