A Vision Ready to Build: Your Future Luxury Villa Awaits

One of the most compelling features of this exceptional offering is the inclusion of a comprehensive preliminary project. This is not merely undeveloped land; it is a meticulously planned opportunity, complete with authorization to build a magnificent detached villa featuring its own private swimming pool. This pre-project significantly streamlines the construction process, saving invaluable time, effort, and reducing the typical uncertainties associated with new builds. For the discerning buyer, it means a faster transition from vision to reality, allowing you to embark on the creation of a bespoke luxury home with confidence and efficiency. The generous 1,430 m² plot size provides ample space for a grand residence, expansive gardens, and leisure areas, all designed to maximize the breathtaking views and the Mediterranean lifestyle.

Its proximity to Gibraltar is a significant advantage, placing you just minutes away from its bustling international airport, dynamic economy, and unique cultural appeal. Furthermore, the approved future connection with Alcaidesa, as per the urban development plan (PGOU), is a game-changer. This infrastructural enhancement is projected to dramatically improve accessibility and integration within the region, making short-term appreciation of this property highly likely. This foresight in urban planning positions the plot as not just a beautiful place to live, but a shrewd, forward-thinking investment poised for substantial growth.

Gateway to Andalusia's Finest: Sotogrande, Beaches & Amenities

Beyond Gibraltar and the promising Alcaidesa connection, the plot offers immediate access to the revered enclaves of Sotogrande and La Alcaidesa.
