Perched within Coto Real I, one of the Golden Mile's most esteemed and established gated communities in southern Spain, Casa Destiny presents an unparalleled opportunity to own a fully renovated luxury apartment. This magnificent residence offers three thoughtfully designed bedrooms, two opulent bathrooms, and breathtaking panoramic views that sweep across the azure Mediterranean Sea to the majestic peaks of La Concha mountain. Its generous, south-facing terraces provide an idyllic setting for outdoor living, complementing the contemporary Scandinavian-inspired interiors. Casa Destiny masterfully combines elegant design, state-of-the-art amenities, and a privileged location just minutes from the pristine beaches, the iconic Puente Romano, and the area's most exclusive amenities.

Recently reimagined and renovated to an exceptionally high standard, this apartment has been meticulously redesigned to create bright, expansive open living spaces. The intelligent layout maximises natural light at every turn and flawlessly captures the spectacular views from nearly every room. The journey through the home begins at the entrance, flowing effortlessly into a spacious open-plan living and dining area. Here, expansive sliding doors glide open to reveal the main terrace, transforming this generous outdoor sanctuary into a natural extension of the interior. Complete with a sophisticated barbecue area and ample room for al fresco dining, lavish entertaining, or simply unwinding, the terrace allows residents to fully immerse themselves in the panoramic sea and mountain backdrop throughout the year.

The heart of the home, a contemporary kitchen, has been finished with an uncompromising selection of premium Siemens appliances, showcasing clean architectural lines and exquisite natural materials. Designed for seamless integration with the living space, it offers both unparalleled practicality for daily culinary adventures and an ideal, sophisticated setting for hosting family and friends. This thoughtful integration ensures that the kitchen remains a focal point of both design and function.

The principal suite epitomises tranquility and luxury, featuring its own private en-suite bathroom and exuding a calm, secluded atmosphere. The two additional bedrooms are generously proportioned, offering comfort and style, and share access to beautifully finished bathrooms. This versatile arrangement makes the property equally suited for sophisticated family living or for graciously welcoming guests. Throughout the entire home, a curated selection of Scandinavian furnishings, complemented by warm wood detailing and refined finishes, collectively create an atmosphere that is both sophisticated and profoundly inviting. For an added touch of year-round comfort, all bathrooms are equipped with luxurious underfloor heating.

Modern technology has been seamlessly and thoughtfully integrated throughout Casa Destiny. A cutting-edge smart home system allows for effortless remote control of the air conditioning and underfloor heating via a user-friendly app, ensuring optimal comfort at all times. A pre-installed speaker system provides a continuous, high-quality audio experience throughout the home, perfect for entertainment or relaxation. Furthermore, electric blinds enhance both privacy and comfort, perfectly complementing the apartment's high-quality finishes and contemporary design ethos.

Adding to its immense practicality and value, the apartment includes one private parking space and a dedicated storage room. These essential amenities cater perfectly to both permanent residents seeking convenience and holiday homeowners requiring secure, additional space.
