The Crowning Jewel: Your Private Solarium Oasis

Ascend a tasteful laminated wooden staircase to the upper floor, where one of the property's most compelling features awaits: a magnificent private solarium. This expansive rooftop haven offers truly spectacular, unobstructed views of both the sea and the mountains, providing an unparalleled outdoor living experience. From this elevated vantage point, you can enjoy sweeping panoramic vistas of the entire Benalmádena coastline, transforming the solarium into a genuinely exceptional space for relaxation and entertainment.

The upper terrace has been meticulously designed and divided into distinct areas to cater to various leisure activities. To the right, a spacious dining area features an extendable table capable of seating up to ten people, alongside a comfortable lounge area. This section also benefits from a convenient water connection and hose, perfect for children to enjoy refreshing water games during the warmer months, all partially shaded by elegant natural reed screening, creating a cool and inviting ambiance.

On the left, a fantastic two-level barbecue area comes complete with dedicated storage space for firewood and charcoal. Its clever layout ensures separation from the main dining and lounge areas, creating distinct zones for different activities and enhancing overall comfort and functionality. This solarium is truly the perfect setting for memorable family lunches, sophisticated dinners with friends, or long, magical summer evenings under the Mediterranean sky.
