Estepona, often celebrated as the 'Garden of the Costa del Sol', provides an idyllic backdrop. This charming coastal town, renowned for its Andalusian beauty and modern amenities, boasts over 325 days of sunshine annually, pristine beaches, and a vibrant cultural scene. The apartment’s prime Parque Antena location offers serene residential living within a verdant pocket, yet moments from the azure Mediterranean and Estepona's lively promenade. Its strategic positioning ensures easy access to urban amenities: the A-7 coastal highway connects to glamorous Puerto Banús (ten minutes), and Estepona centre (five minutes). Every desired experience is effortlessly within reach.

This third-floor apartment, accessible via a modern lift, has undergone a complete transformation, elevated to a high standard. Every detail, thoughtfully executed, results in an interior both functional and aesthetically pleasing. The design embraces a sophisticated neutral palette, creating a serene, timeless canvas where high-quality textures and artisanal finishes shine. The careful orchestration of light, a hallmark, is evident. Indirect LED lighting, integrated into coffered ceilings, casts a soft, inviting glow, complemented by stylish slatted decorative wall panelling. This blend ensures each room feels warm, bathing spaces in gentle radiance that accentuates natural daylight.

The semi-open kitchen is a testament to contemporary design and culinary efficiency. It features sleek anthracite finishes paired with elegant wood-effect worktops, integrated appliances for a seamless look. The illuminated, back-lit breakfast bar serves as a stylish focal point for casual dining. The private sanctuary of the bathroom, conceptualised as a personal spa, offers luxury and functionality: a spacious shower tray, a rejuvenating matt-black hydromassage column, and a chic black-framed screen. A wall-hung vanity unit and custom wood joinery complete this opulent space. The three bedrooms, including an exterior-facing master with captivating Mediterranean views, all feature large, modern wood fitted wardrobes. Hot/cold air conditioning ensures year-round comfort.
