A Private Upper-Level Master Suite The upper floor is dedicated to the master suite, creating a peaceful retreat separate from the main living areas. The generously proportioned bedroom, measuring approximately 5.5 × 4.6 metres, features a walk-in wardrobe, a spacious bathroom and access to a private terrace with panoramic sea views. This thoughtful layout offers privacy and a wonderful sense of space, making the upper level a particularly appealing feature of the home. Whether starting the day with a workout, enjoying a swim or relaxing in the sauna, these facilities add comfort and convenience to everyday living. The property's approximately 53 m² of terraces across two levels provide additional space to enjoy the Costa del Sol's climate and open Mediterranean views. A Distinctive Location in Benalmádena Situated close to the Buddhist Stupa of Enlightenment, one of Benalmádena's most recognisable landmarks, the property enjoys a peaceful residential setting with convenient access to beaches, restaurants, shopping, golf courses and international connections. Completed in 2021, the residence offers modern construction within an established residential community. Two private underground parking spaces, an approximately 8 m² storage room and a separate laundry area complete the property. A Home Designed Around Space, Comfort and Views What makes this duplex penthouse stand out is the balance between its generous living areas, private upper-level master suite and extensive outdoor spaces. The main floor is ideal for everyday living and entertaining, while the upper level provides a quiet retreat.
