Offering approximately 126 m² of interior space and a 45 m² private terrace, the apartment has been thoughtfully designed around natural light, comfort and effortless indoor-outdoor living. Its open-plan layout creates a bright and cohesive living environment, with carefully selected materials, elegant joinery and contemporary lighting combining to create an atmosphere of understated sophistication. An invisible induction hob, double dishwasher and integrated Thermomix system provide a high level of convenience, while bespoke cabinetry maintains the apartment's calm and uncluttered aesthetic. A discreet wine and entertaining setup further complements the social spaces. The bathrooms have been finished to a high standard and feature Japanese toilets and a freestanding bathtub, adding a distinctive combination of technology and comfort. The specification continues throughout the property with underfloor heating, an integrated Bang & Olufsen sound system, elegant electric fireplace, dedicated laundry room and separate storage room. Every element has been selected to provide modern functionality without compromising the warm and timeless character of the interiors. Cabo Bermejo is an exclusive frontline beach community on the New Golden Mile, renowned for its mature tropical gardens, peaceful atmosphere, resort-style swimming pools and direct access to the Mediterranean.
