BUILT

Description

Charming, traditional Mediterranean-style luxury villa in Sotogrande. Located in the exclusive Zone B of Sotogrande, on the seaside, it enjoys a privileged position just a few minutes' drive from the beach, the Marina and yatching port, prestigious local golf courses, and the Sotogrande International School. The property is situated in an exceptionally quiet residential setting, surrounded by detached villas and mature gardens, offering privacy and serenity while remaining conveniently close to all essential amenities. The well-known Galerías Paniagua and Plaza Blanca Sotogrande are just a 12-minute walk away, while the commercial hub of Pueblo Nuevo—featuring a wide range of supermarkets, shops, and services—is a 5-minute drive. A home with personality, warmth, and charm. Villa Aljavi is an inviting property designed in an elegant, contemporary rustic style. Recently renovated, it achieves a perfect harmony between tradition and modernity. The living spaces evoke a true sense of home, fostering a warm, relaxed atmosphere that flows seamlessly from the interior to the magnificent garden. The villa is laid out over 2 levels—a main floor and a semi-basement—designed for comfort and functionality. MAIN FLOOR A welcoming entrance hall serves as the focal point, organizing the home into 2 distinct areas: the living and social spaces to the right, and the private bedroom quarters to the left. Living Area and Kitchen The living room, dining room, and kitchen form an open, interconnected space. While there are no physical partitions to interrupt the visual flow, each area retains its own distinct identity. The dining room, anchored by a cozy fireplace, is the perfect setting for gatherings with family and friends. The living room is distinguished by an attractive vaulted ceiling with exposed wooden beams, which adds character and personality to the entire space. The elegant, contemporary kitchen features a large central island that serves as the perfect gathering spot for daily life. A convenient guest powder room is also located in this area. Sleeping Area The private wing houses 4 bedrooms. The primary suite includes an en-suite bathroom with a shower and a separate walk-in closet. Three additional bedrooms and a shared bathroom—also equipped with a shower—complete this level. SEMI-BASEMENT LEVEL With direct access from the garden, this level offers a spacious, versatile area—ideal as a game room, entertainment space, home cinema, or even a fifth bedroom. It also includes a full bathroom with a shower. On this same level, there is a large pantry and a laundry area, both with independent access. The former covered garage has been partially integrated into this floor, expanding the space dedicated to leisure. The remaining area is currently used for storage. The property also includes an outdoor covered carport with space for 1 vehicle. GARDEN, SWIMMING POOL, AND OUTDOOR SPACES One of Villa Aljavi's greatest highlights is its magnificent, mature garden—lush and thoughtfully integrated into the home's surroundings. Established vegetation, featuring a spectacular palm tree as a focal point, creates an exceptionally pleasant atmosphere of privacy and tranquility. The private swimming pool, generously sized at 5 x 11 meters, serves as the heart of outdoor living; it is surrounded by greenery and inviting areas for sunbathing and enjoying the Mediterranean climate. At either end of the pool, there are 2 covered structures that offer more ways to enjoy the garden year-round: An outdoor dining area with a bar: a space with a contemporary rustic feel, perfectly equipped for open-air gatherings and celebrations, with the space and infrastructure in place to add an outdoor kitchen. Chill-out pavilion: a charming, freestanding structure designed as a space for rest and relaxation, which adds a truly special character to the property. The outdoor area also features a built-in barbecue integrated into the garden-facing façade, with a flue connected to the chimney. Other unique details that enhance the property's charm include a beautiful ornamental pond, an authentic small fishing boat, and a delightful wooden playhouse for children. A garden designed for enjoyment, socializing, and fully experiencing the Sotogrande lifestyle. SERVICES, RETAIL, AND TRANSPORT LINKS Villa Aljavi enjoys a location that combines the tranquility of a residential area—comprising detached villas—with the convenience of having a wide range of retail and leisure options just a short distance away. A mere 12-minute walk (or 4-minute drive) brings you to Galerías Paniagua, an inviting shopping center with architecture inspired by a traditional Andalusian village. It offers a diverse selection of international restaurants—including Italian, Argentine, and Indian cuisine—as well as shops, a hair salon, a beauty parlor, and other services. Just behind it lies Plaza Blanca Sotogrande, a recently restored commercial center that brings together restaurants, a café, a pharmacy, designer furniture and décor shops, pastry shops, a fitness center, a hair salon, and beauty services—all within a tranquil, family-friendly atmosphere. Meanwhile, Pueblo Nuevo—located just a 5-minute drive away—offers a comprehensive range of commercial and service facilities, including the Sotomarket shopping center, supermarkets such as El Corte Inglés, Mercadona, and Lidl, along with numerous other shops and establishments. The villa also benefits from excellent transport links and quick access to the A-7 motorway, allowing for convenient travel to Marbella, Estepona, Gibraltar, and the rest of the Costa del Sol. Villa Aljavi is a property with a very special charm, where Mediterranean architecture, renovated interiors, and extraordinary outdoor spaces combine to offer a relaxed, private, and authentic Sotogrande lifestyle.
