This one is all about the location, the views and the opportunity. Situated in Parque San Alfonso, one of Benalmádena's sought-after residential areas, and just minutes from the charming whitewashed village of Benalmádena Pueblo, this exceptional 1,000 m² plot enjoys breathtaking panoramic views across the Mediterranean. South- and west-facing, the plot benefits from sunshine throughout the day and spectacular sunsets over the sea. Generous in size and offering excellent privacy, it presents an exciting opportunity for investors, developers or anyone looking to create a bespoke home in a privileged Costa del Sol setting. Whether your vision is to completely renovate the existing property, create a contemporary luxury villa or develop a private Mediterranean retreat with landscaped gardens, generous terraces and stunning outdoor living spaces, the possibilities are certainly worth exploring. According to the applicable planning parameters for the area, the plot has an indicated buildability coefficient of 0.27 m² per m², potentially allowing approximately 270 m² of built area over a maximum of two floors. This offers an exciting starting point for a renovation or redevelopment project, subject to the relevant planning permissions, licences and final approval from Benalmádena Town Hall.
