Plot Size 450,820sq m Location Finca Rio Pinos, Camino Nicola Alto, Camino Nicola, Rio Velerin, Estepona Situation Camino Nicola is between the Las Dunas and the Kempinski hotels, approx 4 mins from MacDonalds in San Pedro and immediately oppsite Dominion Beach. The road to the main house from the Ctra de Cadiz is approx 6km, 7 min away, and is asphalted up to the front door of the house. There are no other houses as far as the eye can see and because of the topography there are locations on the estate where views of Gibraltar have not changed for hundreds of years, so one has the illusion that there is only the forest, sea, Gibraltar and Africa with little between.
