Описание

It is a corner property, with contemporary and minimalist architecture, integrated into a natural setting five minutes from Marbella's old town. Exteriors The house opens onto a private garden of approximately 100 m² with a private pool, a rare feature in an apartment. The corner location and the garden offer privacy from neighbors. The gated development, with access control, concierge and video surveillance, has over 20,000 m² of green areas, three communal swimming pools with a bar, a spa with a heated indoor pool, sauna, Turkish bathroom , two gyms and a social club with coworking space. Inside Living on a single level, this home can be easily closed up when traveling: the private garden and pool eliminate the logistics of a villa. The open-plan living room and kitchen open directly onto the terrace and garden, allowing dining room and after-dinner conversation to extend exterior for most of the year. Large windows let in plenty of afternoon light. The three bedrooms, with built-in wardrobes, comfortably accommodate family and guests, while the utility room, storage room , and parking space make everyday life easier. Quality Double glazing, air conditioning, alarm system, and fully equipped kitchen. The development includes aerothermics and home automation, and the project includes underfloor heating in the main bedroom and en-suite bathroom. The energy performance certificate is B. Lifestyle Mornings of sport in the extensive green areas of the area or in the gym, lunch in the garden and afternoon golf or beach: the house is designed for an outdoor life, quiet and just a few minutes from Marbella. Who would enjoy this property ? This property would be especially attractive to those looking for a second home ready to move into, to retirees who value living on the ground floor with a garden, to remote professionals who take advantage of the coworking space in the development , and to investors interested in an asset in Marbella East.
